

Menstrual Phase Shopping List

General Instructions: Menu plans are designed for variety but this may not be practical or convenient so feel free to make substitutions ie: any legume can work in any recipe, any fruit or vegetable or seasonings can substitute for another especially if you have another similar ingredient in the kitchen. Use the food list as a guide. Buy a bottle of apple cider vinegar, aged balsamic vinegar, virgin olive oil, coconut oil, maple syrup and raw honey as well as a package of sea salt (preferably Himalayan), black pepper or peppercorns and sucanat (whole sugarcane) as these will be used frequently every week. The same is true with herbs and spices so by a small container of each, dried. Some herbs like parsley, ginger and cilantro are best fresh. Small amounts of items can be purchased at a bulk store to save money.
